

MERRY CHRISTMAS FROM THE HEDGES FAMILY

2011 was a great year for the San Diego Hedges family! Our kids are all growing & healthy. We were fortunate to take our family Winter Break in Big Bear playing in the snow & zooming down the tube runs. Kathe & Lee spent ten romantic days in northern Italy this summer exploring Venice, Cinque Terre, Isla d' Elba, & Florence.

KATHE is teaching her 19th year of Middle School pre-Algebra, traded-in her Honda Odyssey for a white 2012 Chevy Traverse 7-seater, and she joined a local boot camp exercise program three times a week.

LEE continues selling BMG microplate readers in the SouthWest, founded the T34 World car club, and spent a week in Germany over the summer celebrating the 50th Anniversary of the T34 Karmann Ghia with 145 others.

NICOLE (27) is taking night classes to finish her degree, working at an Oracle business solutions company (Dazsi) as an executive travel coordinator, and is enjoying her 6th year with boyfriend Chris. Chris accepted a position with Raytheon.

DILLON (16) is a Junior at RBHS and enjoys online gaming, & visited Nicole for a week over the summer. He's developing a plan to join the Air Force in ParaRescue after High School to become a firefighter someday.

ALLISON (12) is a 7th Grader at BHMS where she volunteers with the ASB as VP & Dance Commissioner, and she joined the SD Soccer Club as a center midfielder.

JEFFREY (9) is a 4th Grader at Creekside Elementary and enjoys flag football, taking art classes, perfecting yo-yo tricks, and making duct tape wallets.

TESSA (4) attends Pre-K where she loves art & music classes. She had a live monarch butterfly release birthday party with live bugs & fun games in the summer. And she upgraded to a "big girl bed", a pink castle loft bed, as she's our princess.

We wish you a most joyous Christmas & Holiday season and an exciting New Year for 2012!
